ADD MORE PROTECTION WITH LIFE SAFETY EQUIPMENT

EQUIPMENT DESIGNED TO HELP GET OUT OR KEEP OUT.

Keystone offers a variety of life safety products designed to help you egress a building in an emergency and notify you of the presence of deadly carbon monoxide gas. We also carry a line of protective covers that prevent tampering or damage which could lead to unwanted activation of your building alarm systems. Our expert staff can assist you in finding the right products to help protect your employees and company as a whole.

COMPLETE FIRE PROTECTION

Protecting People & Property for more than 60 Years

Exit Signs

Keystone carries a complete line of illuminated exit signs, which feature energy-efficient LEDs and can be ordered with or without integrated emergency lights.

Emergency Lighting

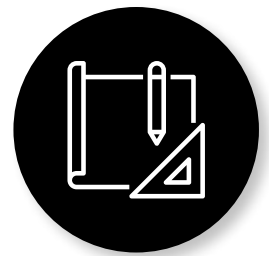

Keystone's emergency lighting units feature compact, low-profile designs in neutral finishes for unobtrusive protection in any décor. State-of-the-art LED lighting eliminates the nuisance of burnouts and lamp changes.

Carbon Monoxide Detection

We offer a complete line of early warning carbon monoxide detectors. All of our sensors are self-activating and give off an 85 dB warning tone when dangerous levels of carbon monoxide are present.

Stopper Covers

Keystone offers a variety of solutions from Safety Technology International, Inc., manufacturers of the famed Stopper Covers, which stop false fire alarms and prevent theft, vandalism, and damage to your life safety equipment.
