# THE STAKES COULD NOT BE HIGHER WHEN IT COMES TO *PROTECTING CHILDREN*

A school's schedule provides limited opportunities throughout the year to install, service, and maintain the life safety systems that protect your children. Most service happens during the summer months, but in times where we must provide service during the school year, we coordinate all visits with minimal interruption to students and staff. Plus, our technicians pass necessary background checks and carry credentials to work in school environments for parents' peace of mind.
